

# JOURNAL OF THE ELECTROCHEMICAL SOCIETY OF INDIA

**Indian Institute of Science Campus,  
Bengaluru - 560 012, India**

**Guest Editors**

**Dr. Dinesh Rangappa**

**Dr. Nagaswarupa H.P.**

**Vol. No. 73, (1&2), January - April 2023**

**CODEN - JESIA 73 [1&2] 2023 ISSN:0013-466X**

# INSTRUCTIONS TO AUTHORS

## GENERAL

Address all manuscripts to the Managing Editor, Electrochemical Society of India, (JECSI) Bengaluru-560012 and send it by email to arunaecsi@gmail.com / eciiisc@gmail.com. Submission of an article will be taken to imply that it has not been previously published and is not under consideration for publication elsewhere. And further that if accepted, it will not be published elsewhere. Submit an electronic version of the paper in WORD format along with a pdf version in order not to miss any portion due to transmission faults. Identify the address, affiliation, email address of the author (corresponding author in case of multiple authors). Also, identify the category in which the paper qualifies for publication.

Journal of the Electrochemical Society of India (JECSI) is a multidisciplinary journal in the general area of Electrochemical Science and Technology. Research and review papers of general significance that are written clearly and well organized will be given preference. All submitted papers will be reviewed by three experts to determine suitability. Paper found unsuitable in terms of the overall requirements of the Journal and those not accepted by the reviewers will be returned to the authors. Both solicited and unsolicited papers will be reviewed. Authors will be notified of acceptance, rejection or any need for revision before acceptance for publication. Any illustrations or other material reproduced from other publications must be properly credited. It is the author's responsibility to obtain the necessary permission in such cases.

## CATEGORIES OF MANUSCRIPTS

General Articles, not exceeding 5000 words in length, should discuss current trends in research in a field that will be of interest to readers outside the field; interdisciplinary topics; Science policy and administration; Impact of Science and Technology on Society, etc. The paper should include a summary not exceeding 200 words, introductory paragraph(s), brief subheads at appropriate places to point to what follows, Illustrations that will help a general reader and references.

Review Articles, not exceeding 5000 words, are expected to survey and discuss recent developments in a relevant field. They should be well focused and organized. General text book style is not acceptable. Research Articles should report and discuss results of work of a fairly major significance. They should include an Abstract, introductory paragraph(s) and brief subheads indicating materials and methods used, major results and discussion of results, relevant illustrations and references.

Research Communications, not exceeding 2000 words, should contain important findings that are novel and are of fairly broad interest. They should not be broken up under subheads. Correspondences include letters, not exceeding 500 words that are of general interest to Scientist, Engineers and Technologists. Only selected letters will be published. Scientific Correspondence contains technical comments, including those on articles or communications published in JECSI. Appropriate letters will be published.

Book Reviews are reviews of books published in the major areas of Electrochemical Science, Technology and Engineering. Unsolicited reviews will also be considered. Reviews that simply 'list' the contents will not be acceptable for publication. Reviews should have 'context' and convey information about the subject of the book. Historical Comments and Notes inform readers about interesting aspects of personalities or institutions of Science or about watershed events in the history/development of science. Most are expected to relate to India. Illustrations are welcome with due credit if already published elsewhere.

## MANUSCRIPT PREPARATION

The manuscript should be in double line spacing in an area corresponding to A-4 size paper with 25 mm margin all around. Page numbers, including that for the first page should be given at the bottom centre of the page. The title should be brief, specific and amenable to indexing. Give a maximum of 5 keywords which are carefully chosen and not phrases of several words. Summary and abstract should not have more than 200 words and should convey the main point of the paper, outline the results and conclusions and explain the significance of the work and results.

### Text

Papers should begin with an introduction. The text should be intelligible to readers in different disciplines and technical terms should be defined. Tables and figures should be arranged in numerical order and referred to in that order. All symbols and abbreviations must be defined and used only when absolutely necessary. Superscripts and subscripts and ambiguous characters should be clearly indicated. Units of measure should be metric and preferably SI. Methods should, as far as possible, be described briefly in appropriate table and figure legends.

**Figures** are to be drawn in sizes that are clearly intelligible. Location and orientation of figures is the entire responsibility of the author(s). The actual location of figures and tables may be clearly indicated in the pdf format that accompanies the main word format submission. The same data should not be given in both tables and figures. Photomicrographs and other photographs that require a scale bar or a micron marker should be defined clearly in the caption. Magnifications are not acceptable in place of micron markers. Primary data should be submitted as far as possible as for example actual photograph of an electrophoretic gel rather than an idealized diagram.

**References** should be numbered in the order in which they appear first through the text and then through table and figure legends. Following examples indicate the different ways of writing the references:

### Reference to a journal publication:

[1] J. Name, J.A.J. Name, R.A. Name, Title of article, J. Sci. Commun. Vol.no (year) page number xx-xy. <https://doi.org/10.1016/j.Sc.2010.00372>.

### Reference to a book:

[3] W. Name, E.B. Name, Title of the book, Edition, Publisher, Place name, year.

### Reference to a chapter in an edited book:

[4] G.R. Name, L.B. Name, Chapter title, in: B.S. Name, R.Z. Name (Eds.), Title of book, Publisher, Place name, Year, pp. xxx-yyy.

**Acknowledgments** should be brief and clear.

**Funding:** This work was supported by Granting Agency Name [grant numbers xxxx, yyyy];

**Cover Photographs.** Good photographs (colour or black and white) that pertain to a submitted paper will be considered for use on the cover of an issue.

**Proofs and Publication:** A final pdf version of the paper may be sent to the author before publication if there are any inaccuracies or doubts of any nature. Such a procedure is redundant in case no major editorial changes are made in the paper.

# Publication Ethics and Publication Malpractice Statement

The Journal of Electrochemical Society of India (JECSI) follows the Committee on Publication Ethics (COPE) *Code of Conduct and Best Practice Guidelines for Journal Editors* and the *Code of Conduct for Journal Publishers*. It is expected that authors, reviewers and editors follow the best-practice guidelines on ethical behaviour.

## Responsibilities of Editorial Board

Editors evaluate submitted manuscripts only on the basis of their merit such as novelty, originality, importance, and its relevance to the journal's scope. The information or ideas imparted to the editors due to handling the manuscript will be kept confidential and will not be used for their own benefit. The editors will refrain from reviewing a manuscript in which they have conflict of interest and will be handled by other editorial board members. Editors and editorial staff will maintain confidentiality about the submitted manuscripts.

All the manuscripts submitted to the journal will undergo peer-review by at least two reviewers who are experts in that area. Based on the evaluation reports received from the reviewers, copyright permissions and plagiarism will be checked and then the Chief Editor decides on the publication of the manuscript.

The Chief Editor will take actions when ethical concerns are raised with regard to a submitted manuscript or published paper followed by a correction, retraction, expression of concern or relevant other notes will be published in JECSI.

## Responsibilities of Authors

The Authors should present detailed and correct account of the work to enable others to reproduce the work. Fraudulent or inaccurate statements are not accepted. If required the authors will be asked to provide the raw data of their study if some suspicious figures are provided in the manuscript. Authors should check their manuscript for originality check using the standard software. Only manuscripts with similarity report <20% will be considered for peer review.

The authors should not simultaneously submit the same manuscript to multiple journals and is treated as unethical and such papers will be sent back to the authors and authors will be black listed.

Authors who have made significant contributions to the paper should only be included as authors in the manuscript and the role of each author has to be listed. The other peoples' name should be included in the acknowledgement section.

***The authors should disclose the conflict of interest that would have influenced the results or their interpretation.*** Authors should also properly acknowledge the work of others and ensure proper citation of such works in the manuscript. The authors should clearly state in the manuscript if the work involved the use of hazardous chemicals, procedures or equipment. The authors should cooperate in submitting the revised manuscripts before the deadline and providing befitting replies to the reviewer comments.

The authors should inform the Chief Editor when they discover significant errors or inaccuracies in their own published work and publish a corrigendum or retract the paper.
