Knowledge Share

James Cook University was established to conduct teaching and research on areas of importance to the tropics. Our focus is on producing graduates who have the expertise to make a difference in their profession and their communities. We are also committed to providing the professional workforce for under-served communities and providing access and opportunity to those people who may not have previously been able to access higher education.

Campus Culture

JCU's focus is on Creating a brighter future for life in the tropics world-wide through graduates and discoveries that make a difference which is reflected through our student focus culture.
A world of possibilities
Whether you're hiking through verdant greenery, ascending to new heights or discovering new urban subcultures on it's busy streets, Singapore is the perfect destination to delight in novelty and excitement. Enchantment awaits around every corner of the Lion City—Romp with the dinosaurs at Changi Jurassic Mile, relive your childhood at the Museum of Ice Cream or soar on adrenaline at Skypark Sentosa.

A sanctuary for sustainability
Singapore has always been a city in nature, with lush natural landscapes, beautiful gardens and tranquil oases of greenery dotting the urban landscape. As it strides towards the future, the city is poised to reimagine sustainability.

A treasure-trove to explore
Singapore's amazing tale tells of a once sleepy fishing village that defied the odds to transform itself into a first-world metropolis. Experience Singapore's diverse heritage, displayed in the wide array of cultures, races and religions.

Colonial buildings and heritage shophouses juxtapose with cutting-edge skyscrapers to showcase Singapore's mix of old and new. Whether it's riding a roller coaster or skydiving indoors, there's no shortage of fun activities to experience in Singapore.

Singapore awaits you
