Summary
INTRODUCTION

At Aspire, Our counselors are not only knowledgeable but are also accessible to the students at all times to ensure maximum accuracy.

Our directors and counselors take part in all the training sessions at various high commissions to stay abreast of the latest visa rules and are accustomed to changes as and when they are implemented.

We not only guide for education, but we also drive the student to get the Permanent Residency and Citizenship.
WHY AUSTRALIA?

Pathways to Australia

Graduate
- Do profile analysis and guide the best option

Work Visa
- Apply for 3-year work visa

Permanent Residency
- Apply for Permanent Residency

Any type of graduates Eg – Electronics, Mechanical, Civil etc
Although most students will start out with plenty of enthusiasm, this may quickly begin to wane if the course is not structured properly, and a lack of motivation can increase your drop-out rates. Naturally, much of the motivation needs to come from the students themselves. But this doesn’t mean that generating it is entirely out of your control.

We will help you with the right guidance, students can choose the colleges that best suit their interests and the family’s financial status.

*Fee Based on merit.*
*Bank Loan Facility.*
*Can Pay the Fees in Installments.*
*Opportunities to Get a Scholarship.*
*Change in University*
