

**Prof. R. Baskaran**

Director

NIMS/CIR/2024

Date : 19.08.2024

## **CIRCULAR**

One of our partner institutions National Institute for Materials Science (NIMS) invites applications for postdoctoral researchers. For more details, please visit the URL below.

[https://www.nims.go.jp/eng/employment/technical/postdoctoral\\_list.html](https://www.nims.go.jp/eng/employment/technical/postdoctoral_list.html)

NIMS is the sole public institution in Japan committed to materials and materials research. From metals and ceramics to polymers and lightweight materials, NIMS has been at the forefront of advancing people's lives and human development through innovative research and the development of a diverse range of materials. NIMS has a wide array of cutting-edge equipment—including very rare and valuable instruments - enabling it to provide one of the best materials research environments in the world.

### **Details**
