

Prof. R. Baskaran

Director

PMP/CIR/2024

Date : 30.09.2024

CIRCULAR

An informational session on the **Professional Master's Program (PMP)** in Chemical Engineering at Purdue University.

General information about the program will be provided, with particular emphasis on exciting developments for the Pharmaceutical Engineering concentration. Sessions will be offered in Chennai, Tiruchirappalli, Bengaluru, Hyderabad, and Mumbai during the week of October 7-11, 2024. The specific dates for each city can be found in the attached flyer, which also allows you to reserve a spot.

For the session that occurs in Tiruchirappalli (on October 8, 2024), there will also be half-day conference hosted and organized by Anna University Trichy. This conference will provide students the opportunity to learn more about the pharmaceutical industry and network with leaders in the field. Purdue is pleased to be invited to participate in this conference. The second attachment provides further details about the conference.

Interested students are requested to participate in this event.
