About C-WiSD:

The Centre for Wireless System Design (C-WiSD), established as an autonomous centre of Anna University, at CEG Campus, aims to leverage the expertise available in the University in the areas of Baseband and Signal Processing, RF and Microwave Design, Hardware Design, Fabrication and Testing, and Machine Learning towards building Wireless Systems to cater to the needs of the society and the industry requirements. The centre envisions to grow as a knowledge hub that addresses the needs of upskilling the academic community in the domain of Wireless System Design and strive to be a benchmark in research, innovation, design, development, deployment and dissemination of knowledge in Wireless System Design through effective collaboration and good practices.

Internship Details:

Mode : Hands-on Training (Theory & Practical Sessions)
Batch Size : 40
Duration : 2 Weeks (30 Hrs. Theory & 30 Hrs. Practicals)
4 Weeks (30 Hrs. Theory & 30 Hrs. Practicals, 60 Hrs. Project)
